

**MECELLOSE<sup>®</sup> ETC-4001**

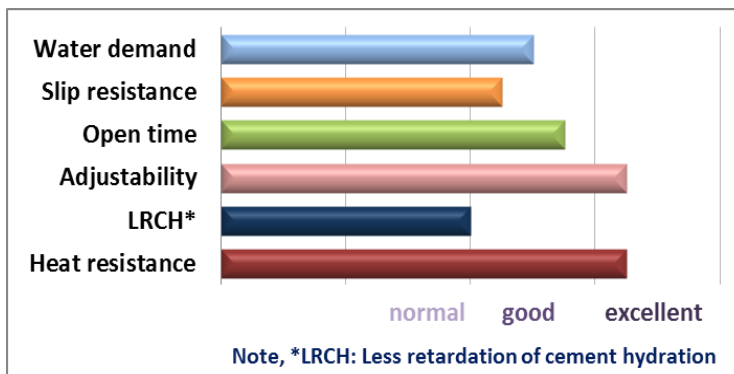

Product Information

**Application**

-- For tile cement mortar

**Performances**

- Excellent workability
- Good open time
- High water retention

**Specifications**

ITEM	SPECIFICATION	UNIT	REMARK
Moisture (in package)	Max. 8	%	ASTM D1347 – 72
Viscosity (2% solution/20°C/ 20rpm)	35,000~45,000	cps	Brookfield
Particle size (through 250um/60mesh)	Min. 90	%	

**Package**

- 20kg net multi-layer paper bag with polyethylene inner liner
- 350kg net jumbo-bag which is specially coated
