MD's Letter

Dear Members,

As the country gears up to become a \$5 Trillion economy, Corporate India has a pivotal role to play in not only maintaining the growth of the top performing sectors but also providing impetus to entrepreneurial ventures. Despite entering an era of fiscal prudence, it is imperative, now more than ever, that we invest judiciously to establish the bedrock of this growth.

At Hitech, we envision a path forward that will expand our horizons, continuing a strong growth trajectory. India's young population is among the most privatized in the world. This 600 million strong demographic will likely move up the income curve and push through larger consumer numbers. With this rise in the demand of consumable goods, we pledge to be responsive and innovative, while offering quality and sustainable packaging to add value that responds to consumer needs. This is in line with our most important value of customer centricity.

We endeavour to use modern technology and are examining a road map to create a Tool Room focused on value engineering and servicing customers with precision products. We have laid the cornerstone for an automatic direct to machine centre; using software analysis, we hope to provide better quality controlled moulded parts. These will result in faster and more precise mould manufacturing. Furthermore, we are exploring replacement of traditional printing methods with laser printing. We believe that the combination of these technologies will set the stage for swift and efficient growth.

Looking back, we had a good year; we produced 3,000 more tonnes, expanded contribution by over 16% and reined in our fixed expenditures by 4%. All in, we ended the year with nearly 40% growth in EBITDA. We partnered with our customers to analyse trials and recommend changes that reduced their costs and improved their designs. Additionally, our Mysore and Vizag plants have begun commercial production in September 2018 and August 2019 respectively. They are both world class facilities; great care has been taken to make optimal use of space as well as investment. Despite a variety of roadblocks, these were built in record time and will take our installed capacity to impressive levels by the end of the first phase of production.

Two of our facilities are certified 'Green Channel' partners in addition to having the requisite ISO compliances. With this we hope to standardize our superior quality promise, which is the hallmark of our brand.

Lastly, I would like to express my gratitude to you all for your continued support and faith in our Company's endeavours.

With Regards,

Malav Dani

Our Core Value Equation

The Hitech Group stands on the foundation of its four core values which are 'Commitment' to all internal and external stakeholders, 'Integrity' at work, 'Innovation' in thought, leading to 'Excellence' across the Group's offerings and initiatives.

A person can act as a proxy on behalf of members not exceeding fifty and holding in aggregate not more than ten percent of the total share capital of the Company carrying voting rights. A member holding more than ten percent of the total share capital of the Company carrying voting rights may appoint a single person as proxy and such person shall not act as a proxy for any other person or shareholder.

2. Statement setting out material facts (Explanatory Statement) pursuant to Section 102 of the Companies Act, 2013, in respect of the Special Business as set out in the Notice is annexed hereto.
3. All the documents referred to in the accompanying Notice and Explanatory Statement are open for inspection at the Registered Office of the Company during the business hours on all days except Saturdays, Sundays and Public Holidays, between 11.00 a.m. to 1.00 p.m. upto the date of ensuing Annual General Meeting and will also be available at the Meeting.
4. The Register of Directors and Key Managerial Personnel and their shareholding maintained under Section 170 of the Companies Act, 2013, the Register of Contracts and Arrangements in which the Directors are interested maintained under Section 189 of the Companies Act, 2013 will be available for inspection by the members at the Registered Office of the Company and at the Annual General Meeting.
5. The Register of Members and Share Transfer Books of the Company will remain closed from Tuesday, 24th September, 2019 to Monday, 30th September, 2019 (both days inclusive) for determining the names of members eligible for dividend on Equity Shares, if declared at the Meeting.
6. Brief resume of Director(s) proposed to be appointed/re-appointed alongwith such other details as stipulated under Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015, as amended, and Secretarial Standards on General Meetings (SS-2), are provided as an Annexure to this Notice.

7. The dividend on Equity Shares, if declared at the Meeting, will be credited/ dispatched on or after 3rd October, 2019 to those members of the Company, holding shares in physical form, whose names appear in the Register of Members of the Company on 23rd September, 2019 and to those members of the Company, holding shares in electronic form, whose names appear in the Benpos (Beneficiary Position) as on 23rd September, 2019.
8. SEBI vide its Circular No. SEBI/LAD-NRO/GN/2018/24 dated 8th June, 2018, amended Regulation 40 of Listing Regulations pursuant to which from 1st April, 2019, onwards securities can be transferred only in dematerialised form. However, it is clarified that, members can continue holding shares in physical form. Transfer of securities will facilitate convenience and ensure safety of transactions for investors.
Members holding shares in physical form are requested to convert their holding(s) to dematerialised form to eliminate all risks associated with physical shares.
SEBI vide Press Release dated 27th March, 2019, has clarified that the share transfer deed(s) once lodged prior to the deadline of 31st March, 2019 and returned due to deficiency in documents submitted, may be re-lodged for transfer.
9. Members holding shares in the electronic form are advised to inform any changes in address / bank mandate / Email ID directly to their respective Depository Participants. The address / bank mandate / Email ID as furnished to the Company by the respective Depositories viz., NSDL and CDSL will be printed on the dividend warrants. The Company will not act on any direct request from such members for change/ deletion in such bank details. Further, instructions if any, already given by them in respect of shares held in physical form will not be automatically applicable to the dividend paid on shares held in electronic form. Members may, therefore, give instructions regarding bank accounts in which they wish to receive dividend, to their Depository Participants immediately.
10. Members holding shares in physical form are required to submit their bank account details to RTA, if not registered, as mandated by SEBI
11. To prevent fraudulent transactions, Members are advised to exercise due diligence and notify the Company/ RTA of any change in address or demise of any Member as soon as possible. Members are also advised not to leave their demat account(s) dormant for long. Periodic statement of holdings should be obtained from the concerned Depository Participant and holdings should be verified.
12. Corporate members intending to send their authorized representatives to attend the AGM pursuant to Section 113 of the Companies Act, 2013 are requested to send a duly certified copy of the Board Resolution together with specimen signatures authorizing their representative(s) to attend and vote at the AGM.
13. Section 72 of the Companies Act, 2013 extends nomination facility to individuals holding shares in physical form in companies. Shareholders, in particular, those holding shares in single name, may avail of the above facility by furnishing the particulars of their nominations in the prescribed Form No. SH-13 by downloading the same from the Company's website.
14. The Company is presently using National Automated Clearing House (NACH) as an option to pay dividend through bank accounts rather than paying the same in the form of dividend warrants. Under this option, an investor's bank account is directly credited and intimation thereof is sent by the Company to the shareholder. This service not only protects a shareholder against fraudulent interception and encashment of dividend warrants but also eliminates dependence on the postal system, loss/ damage of dividend warrants in transit and correspondence relating to revalidation/ issue of duplicate warrants.
15. Members desirous of obtaining any information concerning the Financial Statements and operations of the Company are requested to send their queries to the Chief Financial Officer or the Company Secretary of the Company at least seven days prior to the Meeting so that the required information can be made available at the Meeting.
16. Members attending the Meeting are requested to bring with them the Attendance Slip sent alongwith the Annual Report duly filled in and signed and handover the same at the entrance of the hall. As a measure of austerity, copies of the Annual Report will not be distributed at the Annual General Meeting. Members are, therefore, requested to bring their copies of the Annual Report to the Meeting.
17. In case of joint holders attending the Meeting, the member whose name appears as the first holder in the order of names as per the Register of Members of the Company will be entitled to vote.
18. Members holding shares in the same set of names under different ledger folios are requested to apply for consolidation of such folios along with relevant share certificates to the Company's Registrar & Transfer Agents.
19. Members may please note that pursuant to the provisions of Section 123 of the Companies Act, 2013 / Section 205 A (5) of the Companies Act, 1956, dividend for the financial year 2011-12 and thereafter, which remains unclaimed for a period of 7 years will be transferred by the Company to the Investor Education and Protection Fund (IEPF) established by the Central Government pursuant to Section 205C of the Companies Act, 1956, as and when the same falls due for such transfer. Members who have not encashed their dividend warrants for the financial year 2011-12 or thereafter are requested to write to the Company's Registrar and Share Transfer Agent. Details of shares so far transferred to the IEPF Authority are available on the website of the Company and the same can be accessed through the link: <https://www.hitechgroup.com/investor/#unclaimed-unpaid-dividend>. The said details have also been uploaded on the website of the IEPF Authority and the same can be accessed through the link: www.iepf.gov.in.
20. All Unclaimed Dividend remaining unpaid/ unclaimed up to the financial year 2010-11, has been transferred to the Investor Education and Protection Fund. Further, for the financial year ended 31st March, 2012 dividend for which was declared at the Annual General Meeting of the Company held on 11th August, 2012, will be transferred on or before 9th September, 2019 to the Investor Education and Protection Fund.
21. Members are requested to note that, dividends if not encashed for a consecutive period of 7 years from the date of transfer to Unpaid Dividend Account of the Company, are liable to be transferred to the Investor Education and Protection Fund (IEPF). The shares in respect of such unclaimed dividends are also liable to be transferred to the demat account of the IEPF Authority. In view of this, Members are requested to claim their dividends from the Company, within the stipulated timeline. The Members, whose unclaimed dividends/shares have been transferred to IEPF, may claim the same by making an application to the IEPF Authority in Form No. IEPF-5 available on www.iepf.gov.in. For details, please refer to corporate governance report which is part of this Annual Report.
22. To support the 'Green Initiative', members who have not registered their email addresses are requested to register their Email IDs with the RTA, M/s. Link Intime India Private Limited for receiving the Annual Report and other communications through electronic mode pursuant to Section 101 and Section 136 of the Companies Act, 2013 read with the Companies (Management and Administration) Rules, 2014, as amended from time to time.
23. Route Map of venue of Annual General Meeting is annexed to the Notice.

24. In accordance with the provisions of Section 101 and other applicable provisions, if any of the Companies Act, 2013, read with Rule 18 of the Companies (Management and Administration) Rules, 2014, as amended, the Notice of AGM, Attendance Slip, Proxy Form and Annual Report are being sent by email to those Members who have registered their email addresses with their DP (in case of shares held in demat form) or with the Company's Registrar and Share Transfer Agent (in case of shares held in physical form). For Members whose email ids are not registered, physical copies of the Notice of AGM, Attendance Slip, Proxy Form and Annual Report are being sent by permitted mode.

Members may also note that the Notice of the 28th Annual General Meeting and the Annual Report 2018-19 will also be available on the Company's website www.hitechgroup.com

25. Voting through electronic means

In compliance with provisions of Section 108 of the Companies Act, 2013 and Rule 20 of the Companies (Management and Administration) Rules, 2014, as amended from time to time and the provisions of Regulation 44 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Company is pleased to provide members, facility to cast their votes on all Resolutions set forth in the Notice of the Annual General Meeting ('AGM') using electronic voting system from a place other than the venue of the AGM ('remote e-voting'), provided by National Securities Depository Limited (NSDL) and the business may be transacted through such voting.

How do I vote electronically using NSDL e-Voting system?

The way to vote electronically on NSDL e-Voting system consists of "Two Steps" which are mentioned below:

Step 1: Log-in to NSDL e-Voting system at <https://www.evoting.nsdl.com/>

NEW PROJECTS

Mysuru

The Company has successfully completed setting up of a facility for manufacturing rigid plastic containers at Mysuru, Karnataka and

commenced commercial production at the said plant from end of September, 2018. The total capacity of the plant is 3000 MT and the same is set up in a phased manner.

Vizag

During the year the Company successfully completed construction work at Vizag for setting up of facility for manufacturing rigid plastic containers and has commenced commercial production in the month of August, 2019. The total capacity of the plant is 3000 MT and the same is being implemented in a phased manner.

CONSOLIDATION OF MANUFACTURING FACILITIES

The Company has adopted a policy to consolidate manufacturing facilities of one unit into another wherever possible to avail better synergies.

As a part of its consolidation initiative, the manufacturing facility of the Company situated at Galonda (Dadra & Nagar Haveli) was shifted and merged with the unit situated at Naroli (Dadra & Nagar Haveli) by transfer of Plant and Machinery and other accessories with effect from October 1, 2018. Similarly, Technology Centre at Chinchwad, Pune was shifted to a separate unit situated within the plant premises at Sanaswadi. This will help the Company in reducing the fixed overheads without affecting capacities of the Company.

UPDATES ON ROHTAK

The manufacturing operations of the plant at Rohtak (Haryana) was disrupted in February 2016 due to fire which resulted in extensive damage to properties. The Company rebuilt the factory at the same site and commenced operations in March, 2017. The final assessment of the Insurance claim was completed by the Insurance Company during the year and a sum of ₹ 1,486.35 lakhs (net) was received during the year towards the full and final settlement of the property damage claim.

FLOODS AT BADDI

The manufacturing operations of the Company's unit situated at Baddi, Himachal Pradesh was disrupted due to floods caused by heavy rains in Himachal Pradesh and adjacent areas in the month of August, 2019. The Company is in the process of ascertaining the damage and taking necessary steps to restart the operations at the earliest. The Company has insurance cover for the same.

ANNEXURE C TO DIRECTORS' REPORT

CORPORATE SOCIAL RESPONSIBILITY

ANNUAL REPORT ON CORPORATE SOCIAL RESPONSIBILITY (CSR) ACTIVITIES

- A brief outline of the Company's CSR policy, including overview of projects or programmes proposed to be undertaken and a reference to the web-link to the CSR policy and projects or programmes:**

It has been Hitech's resolute mission to promote life skills and value education. The Company's focus areas are Education and Skill Development, Health and Wellness, Environmental Sustainability and restoration of heritage sites. While doing meaningful contribution to the society through its active participation, the Company undertakes its CSR activities either through employee volunteering or through its CSR wing - Sab Ka Mangal Ho Foundation (a registered public charitable trust) or in partnership with other NGOs having similar objectives. The projects undertaken are within the broad framework of Schedule VII of the Companies Act, 2013.

In order to further accelerate its CSR activities, the Company is widening its umbrella, over and above the tree plantation drive and mid-day meal activities for under-privileged children that the Company is currently engaged in, by undertaking CSR activities in field of yoga training.

The Company has initiated a project to bring yoga education to children at orphanages. Yoga being a non-invasive and safe intervention to bring tranquility and equanimity to the body, mind and intellect so as to enable them to deal with the daily distractions, aggression, stress, peer pressures, mood swings and violence. The Company has partnered with SOSVA (Society for Service to Voluntary Agencies) and has successfully initiated this project in 18 orphanages in Pune, 5 orphanages in Mumbai and 1 in Goa. The Company will continue with the program of imparting yoga education to children in the orphanages across India during the year 2019-20.

The Company continued to organize mid-day meal programmes for the under-privileged children of the orphanages in Mumbai. As a part of this endeavour, mid-day meals are organized by the Company to provide nutritional support to under-privileged children, with wholehearted participation of Hitech volunteers followed by engaging them in creative in-door and outdoor activities. However, this project had been discontinued during the year and replaced with Yoga teaching project at orphanages.

Two eye camps were organized, one in Naroli, Silvassa and other in Mumbai by a prominent ophthalmologist under the umbrella of Sab Ka Mangal Ho Foundation.

Donation to Ramakrishna Math a worldwide organization engaged in social activities for under privileged sections of the society. The amount would be used for land and building towards providing space for education purpose.

Donation to Rural Community Development Centre at Talasari – a City and Municipal Council at Palghar District of Maharashtra for construction of school building. This centre has been promoting Women Empowerment by imparting education classes for library maintenance, sewing and embroidery workshop and have been consistently progressing in the field of Women and Children Welfare.

The Company has a well-defined CSR policy and the same is available on the website of the Company under the web-link - <http://www.hitechgroup.com/investor/#policies>.

ANNEXURE D TO DIRECTORS' REPORT

Details of Conservation of Energy, Technology Absorption, Foreign Exchange Earnings and Outgo are as follows:

A) Conservation of Energy:

The steps taken for conservation of energy:

Energy conservation is the top priority in the Company. In our new manufacturing facilities emphasis is placed on improving the efficiency of all services including energy conservation. We have examined the machinery requirement with respect to articles to be produced and optimized selections for least energy options with precision outputs. Our proximity to customer locations reduced the energy footprint in for transportation.

Factory buildings are designed considering maximum use of day light, cool air ventilation without electric devices and painted, keeping in view the reflection of sun rays from building roof and walls. Also, LED lights are installed in our factories which saves considerable amount of energy.

We are beginning to phase out hydraulic and phase in servo controlled and all electric machines that consume approximately 30-50% less electricity than conventional older machines. These selections will add economical productivity. Also, some older machines have been modified to use servo-controlled technology. In order to obtain consistent quality, new technology in machine and moulds has been implemented. New printing technology and machines being smaller in size, needs less energy. Increased automation at plant level will reduce human intervention, resulting into fixing the energy leakage.

Our mould designs are also being designed to increase productivity with reduced cycle time. We are experimenting with newer materials of construction to increase life of the mould and reducing its replacement and maintenance costs. This will cascade into better profitability in the long term.

Specific Energy Conservation measures are:

- Monitoring and analysis of energy consumption on daily basis;
- Replacement of old conventional moulding machines with new ones, which are always either servo controlled or fully electric;
- Modification of old conventional machines to make them better electrically controlled with solid state drives;
- Pre-fabricated housing are being used, saving production time;
- Purchase of better precision molding machines and design and fabricate high precision moulds that can improve quality;
- Traditional electrical installations have been replaced by LED versions;
- Training of all employees to increase productivity;
- Constant monitoring of machines to optimize productivity;
- Exploring the installation of solar panels to service our electricity needs;
- Share and implement best energy saving practices across manufacturing units.

B) The steps taken by the Company for utilizing alternate sources of energy:

Your Company has invested in wind energy and is also considering use of solar power in suitable areas of operations.

Your Company has installed Windmills in some of its plants as an alternative source of energy. Further, there are proposals for more investments into this area to facilitate the reduction in conventional energy usage and environmental benefits.

Solar energy

Your Company is evaluating the proposals for using alternative sources such as Solar Energy to supplement requirements of power at new manufacturing facilities being constructed at Mysuru and Vizag and other existing plants.

The abovementioned measures have resulted/ likely to result into reduction in energy usage, reduction in energy cost and environmental benefits in the vicinity.

TECHNOLOGY ABSORPTION

A) The efforts made by the Company towards technology absorption

Your Company has made concerted efforts to establish a strong performance in the field of R&D vis-à-vis product and process development. It has a dedicated Technology Centre at Pune / Sanaswadi that carries out design, product and process innovations and improvements. It has also received accreditation from the Department of Science and Technology, Government of India. The Centre in close co-operation with customers has been providing solutions for unique packaging designs which have enhanced the quality of the containers and have also helped in reducing the costs. The initiatives of the Centre include efficient usage of polymers in the product and reduction in production cycle time leading to savings in operating costs. Automated material handling systems are being installed. Aiming for zero defect dispatch will help facilitate customer satisfaction. This has helped the Company in sustaining and strengthening the competitive position it holds in rigid packaging business.

Specific areas in which R & D was carried out by the Company includes:

- Technical up-gradation in mould design; multi-cavity mould and insert moulding technology.
- Product and process development; container-lid design for interchangeability, processing and material recipe for better performance and to sustain climate and temperature changes.
- Raw material development, incorporation of different additives and fillers to raw material which overcame performance degradation due to change in weather over the span of 12 months.

B) The Benefits derived like product improvement, cost reduction, product development or import substitution:

- a. New specifications of material are being explored which will improve strength of containers and reduce cost;
- b. Reduction and better variance control in the weight of the containers;
- c. Enhancing life of the mould;
- d. Better utilization of manpower;
- e. Lower production cycle time which improved productivity; and
- f. Less molding rejections.

C) In case of imported technology (imported during the last three years reckoned from the beginning of the financial year)

Not applicable, as all developments were done indigenously in the last three years.

D) Expenditure on R & D during the year is as follows:

Particulars	₹ in Lakhs
(a) Capital	--

MANAGEMENT DISCUSSION AND ANALYSIS

PACKAGING SOLUTIONS FOR MULTIPLE SECTORS:

Hitech Corporation is a leading manufacturer of rigid plastic packaging solutions for a variety of customer segments across multiple geographies. These include customers from industries such as paints and coatings, personal care and healthcare, agriculture and lubricants. While it operates in a highly competitive space, its emphasis on quality and innovation remains paramount.

OVERVIEW OF INDIAN ECONOMY:

Business operations remained difficult as India had a mixed year in terms of economic growth in 2018-19. It started the fiscal year with an optimistic 8.2% in the first quarter and then eased to 7.3% in the second quarter, owing largely to increased volatility, both geopolitical and financial. External factors such as changing monetary policy in advanced economies and trade disputes and sanctions in various proportions were likely the cause of the slowdown. Domestically, higher financing costs and reduced availability of credit lowered the growth forecast for the fiscal year 2018-19 to 7.2%. Additionally, a decline in growth of private consumption, minimal increase in fixed investment and dull export forecast may have contributed to the slowdown. Significantly higher crude prices adversely affected India's fiscal deficit and directly impacted the rupee, that started the year at a near minimum of 68.34 but ended the year at 71.19.

The short-term outlook however appears better, with forecasts at 7.3% for 2019-20. The direct cash transfer programme for farmers and the middle-class tax relief measures announced at the budget as well as government thrust on spending are expected to contribute a stimulus to the GDP growth. Structural reforms including land and labour laws will help accelerate infrastructure development, thereby easing bottlenecks. Elevated levels of regulation in public sector banks, supported by strengthening goods and services tax compliance and reducing subsidies, are likely to curtail public debt. New policies on resolving concerns over non-performing assets under a simplified insolvency and bankruptcy code may help strengthen the financial sector to provide impetus for investment and public consumption. Reforms to labour regulations will likely incentivize job creation, indirectly support the rural economy and continue to support domestic activity. Optimism around global economic growth will likely fuel Hitech's upward trajectory as well. The lesser focus on customer centricity, innovation and quality will bode well as it advances into serving newer customer segments with newer products in newer geographies.

BUSINESS SEGMENTS:

Hitech is developing business models to serve expanded sectors and customers all across India.

PAINT INDUSTRY:

Indian paints and coatings are an INR 50,000 Cr industry that is expected to grow to INR 70,000 Cr by 2022. Incentives from the government providing stimulus to both rural and urban housing as well as growing disposable income in younger Indians is likely to aid the decorative paints demand. Greater emphasis on innovation like odour free and dust & water-resistant paints will require specialized packing solutions. Hitech's newest plants in Mysore and Vizag will not only establish its firm presence in the south but also to equip it to emulate the growth of the paint industry's packaging demands.

FMCG:

The Indian FMCG industry is expected to grow at approximately 28% by 2020. Modern trade is expected to grow at 20-25% and that is likely to boost FMCG revenues. The government's approval of 100% foreign direct investment in cash & carry and single brand retail and 51% in multi brand retail will also help. It will be complemented by the

Consumer Protection Bill that lays great emphasis on simple, speedy, accessible, affordable and timely delivery of justice to consumers. While FMCG's urban segment has provided steady revenue for several years, the government's initiatives are likely to help the rural segment contribute upwards of 15% to total revenue going forward. As FMCG companies focus on increasing awareness about quality products and invest in better distribution channels, Hitech, as a trusted packaging partner to many FMCG companies will be at the forefront of this growth.

PERSONAL AND HEALTH CARE INDUSTRY:

The demand in personal and health care will likely exhibit an optimistic pace of growth and be broad based, that is, it will come from across various categories and across the diverse markets. Household and personal care accounts for approximately half of FMCG revenue owing mainly due to growing awareness, easier access and changing lifestyles of consumers. The share of the unorganized market will likely fall as brand consciousness and premiumization of certain categories among the newer consumers increases. This may lead to the introduction of different combinations of products at different prices, to cover as many market segments as possible. Lowered GST from 24% to 18% on high volume products is also expected to increase consumer spend. Hitech is therefore looking to leverage its strength in research and development to keep pace with the packaging demands.

HOME CARE:

Home care is another growing sector in India. Cost competitiveness for in-home health services has been a major driver of the demand. The introduction of Ayushman Bharat, growing hospitalisation costs and a need for personalised medical attention have fuelled a rapid increase in India's home healthcare services sector. It is set to grow manifold in the coming years and thus translates into greater requirement of packaging solutions. Manufacturers prefer to offer their products by opting for packaging that not only specify useful information but also keep the products safe. The packaging market for this segment will continue to remain in high. Hitech's strategy is to expand its business partnerships to offer new products.

AGRO CHEMICAL:

The Indian agrochemical industry is finally exhibiting signs of recovery, riding on the success of global chemical manufacturers, rising exports and greater concerns over pest infestation due to global warming. Indian companies are steadily expanding capacities after two consecutive weak monsoons and consistent increase in raw material prices. The abundance of cheap labour and low processing cost will help bring strong product lines quickly to market. The use of agrochemicals in India is 0.65 kg per hectare compared to 4.58 kg / hectare in developed economies. The surge in demand to fulfil the dietary demands of a growing population will likely provide the impetus to increase farm productivity using agro-chemicals. The industry is expected to double to INR 50,000 Cr by 2025. Hitech's proximity to the agricultural chemical manufacturing belt will enable it to better understand the needs of these customers and expand its packaging market share.

CAPITAL EXPENDITURE & EXPANSION PLANS:

Hitech has grown organically and through acquisition in the last several years. Driven by its promise of customer centricity, its plants are located close to customers' locations to understand their needs. The Mysore unit started production in September 2018 and Vizag plant came online in August 2019. Southern India shows great opportunity in the majority of Hitech's core customer segments and the new plants, along with the expanded Sriperumbudur facility, will help solidify Hitech's position in this geography.

OPPORTUNITIES, RISKS AND THREATS:

Hitech's simple three-fold strategy to expand current products in new customer segments, develop new products for existing customer segments and create new products for new customer segments has served it well. Having 14 manufacturing facilities across the country has allowed it to take direct advantage of opportunities in varied customer segments and geographies.

General economic deceleration, that impacts Hitech's customer segments, and fluctuating polymer prices pose the most direct risks to Hitech. In order to mitigate risks from economic slowdown, Hitech continuously works to minimize its costs. It has consolidated its facilities within two major regions to increase synergies and combine efficiencies. It also works with its customers to contractually pass on the effects of polymer prices in order to minimize adverse effects on operating profits.

Structural changes in monetary policy and industrial regulation have an indirect impact on Hitech as customers pursue short- and long-term changes to their strategies to cope with the same. Increased crude oil prices have direct effects on profitability. Hitech works closely with its customers to stay ahead of the effects of such changes. It also restricts imports and covers foreign exchange rates to minimize any adverse financial implications it may have.

HUMAN RESOURCES & INDUSTRIAL RELATIONS:

Hitech continues to attract and retain necessary talent at all its facilities. Its commitment to the holistic development of its employees extends not only to engaging and developing them on a professional level but also encouraging personal development. These are through meditation, interactive workshops, multi faith prayers every morning and great emphasis on preventive healthcare through yoga.

ENVIRONMENT, HEALTH AND SAFETY ("EHS"):

Hitech's EHS policy requires compliance to statutory EHS requirements as the minimum performance standard. It is committed to adopt stricter standards, wherever possible. Health and safety of employees is always given priority. Hitech arranges employee training programs that enable workers to perform as per prescribed procedures designed to meet all EHS requirements.

INFORMATION TECHNOLOGY:

The Company is increasing its focus on digitisation and automation. During the year, Hitech has worked on creating a dashboard for simplifying the operational controls and management at all its plants. This facilitates transparency of data and results in higher operating efficiencies.

RESEARCH & DEVELOPMENT:

Hitech's Research and Development Centre, accredited by the Department of Scientific and Industrial Research (DSIR) of the Government of India, was moved to Sanaswadi in the last quarter. The new facility is large enough to support the firms' ambitions to invest in better machining technology as well as proximate enough to facilitate faster trial and testing time. Mould design and development remains at the forefront of Hitech's technological enterprise, but other innovations, ranging from low cost automation to process improvement complement its holistic approach towards providing customer delight.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:

Hitech has an adequate internal control mechanism based on an integrated cloud-based ERP system and has aligned its current system of internal financial control with the requirement of The Companies Act, 2013. This system is commensurate with the nature of Hitech's business in addition to the size and complexity of its operations. The management assessed the effectiveness of the Company's internal control over financial reporting and the Statutory Auditors of the

Company have issued an attestation report on the internal control over financial reporting as required under section 143 of the Companies Act, 2013. The Audit Committee appoints internal auditors to audit and submit a summary of the internal audit report periodically. The Committee then discusses and reviews the findings with the internal auditors, statutory auditors as well as with senior management, including functional heads. Significant findings, along with management response and status of action plans, are also periodically shared with and reviewed by the Audit Committee. Evaluation of risk management system and process reviews are being further improved to increase profitability, efficiency and operational excellence.

FINANCIAL PERFORMANCE:

Our financial results and performance for the year are elaborated in the Directors' Report.

In accordance with SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 as amended, key changes in financial indicators alongwith Key Financial Ratios are given below:

Independent Director:

Independent Directors play an important role in the Governance Processes of the Board. They bring their expertise and experience on the deliberations of the Board. This enriches the decision making process at the Board with different points of view and experiences and prevents conflicts of interest in the decision making process.

The appointment of the Independent Directors is carried out in a structured manner. The Nomination & Remuneration Committee identifies potential candidates based on certain laid down criteria.

The Independent Directors have submitted declarations that they meet the criteria of Independence laid down under the Companies Act, 2013 and the Listing Regulations and have confirmed that they do not hold directorship more than the prescribed limit in the Listing Regulations. The Company has also issued formal appointment letters to all the Independent Directors in the manner provided under the Companies Act, 2013 read with the Rules issued thereunder.

The definition of 'Independence' of Directors is derived from Regulation 16 of the Listing Regulations and Section 149(6) of the Companies Act, 2013. Based on confirmation / disclosures received from Directors and on evaluation of relationships disclosed, Mr. Rajnikant Desai, Mr. Harish Motiwala, Mr. Jayendra Shah, Mr. Bomi Chinoy, Ms. Vaishali Sharma and Mr. Aditya M. Sheth, Directors are Independent of the management in terms of the Provisions of Regulation 16 of the Listing Regulations and Section 149(6) of the Companies Act, 2013.

Mr. Rajnikant B. Desai, who was an Independent Director in the Company resigned with effect from the close of business hours on 31st March, 2019, due to old age and difficulties in travelling. He confirmed that there are no other material reasons other than those provided in his letter. All the necessary compliances consequent to his resignation has been duly completed by the Company.

Meeting of Independent Directors:

During the year under review, in accordance with the provisions of Schedule IV (Code of Independent Director) of the Companies Act, 2013 and Regulation 25 (3) and (4) of SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015, the Independent Directors met on 5th February, 2019, without the attendance of Non-Independent Directors and members of the management, to discuss the following:

- Review and Evaluation of the performance of Non-Independent Directors and the Board of Directors as a whole.
- Review and Evaluation of the performance of the Chairman of the Company, taking into account the view of the Executive and Non-Executive Directors.
- Review and Evaluation of the quality, content and timeliness of flow of information between the Management and the Board that is necessary for the Board to effectively and reasonably perform its duties.

All Independent Directors of the Company were present at the said Meeting except Ms. Vaishali Sharma, who was granted leave of absence by the Independent Directors present at the meeting. They expressed satisfaction at the evaluation process, the Board's freedom to express views on the business transacted at the meetings and the openness with which the Management discussed various subject matters on the agenda of meetings.

Evaluation of Board Effectiveness:

In terms of provisions of the Companies Act, 2013 read with Rules issued there under and Regulation 19(4) and Part D of Schedule II of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, the Board of Directors, based on the parameters/criteria formulated by the Nomination and Remuneration Committee, have evaluated the effectiveness of the Board. Accordingly, the performance evaluation of the Board, each Director and the Committees were carried out for the financial year ended 31st March, 2019. The evaluation of the Directors were based on various aspects and inter-alia, included the level of participation in the Board Meetings, understanding of their roles and responsibilities, business of the Company along with the environment and effectiveness of their contribution.

Procedure for Postal Ballot

In compliance with Section 108 and 110 and other applicable provisions of the Companies Act, 2013, read with the related rules and Listing Agreements, the Company provided electronic voting (e-voting) facility to its members. The Company engaged the services of National Securities Depository Limited (NSDL) for the purpose of providing e-voting facility to its members. The members had the option to vote either by physical ballot or through e-voting.

The Company dispatched the postal ballot notices and forms along with postage prepaid business reply envelope to its members whose names appeared on the register of members/ list of beneficiaries as on the cut-off date decided by the Board. The postal ballot notice was sent to members in electronic form to the e-mail addresses registered with the depository participants (in case of electronic shareholding)/ the Company's Registrar and Share Transfer Agent (in case of physical shareholding). The Company had also published a notice in the newspapers declaring the details of completion of dispatch and such other requirements as mandated under the Act and applicable rules.

Voting rights were reckoned on the paid-up value of the shares registered in the names of the members as on the cut-off date. Members desiring to exercise their votes by physical postal ballot forms were requested to return the forms, duly completed and signed, to the scrutinizer on or before the close of the voting period. Members desiring to exercise their votes by electronic mode were requested to vote before the close of the business hours on the last date of the e-voting.

The scrutinizer submitted his report to the Chairman, after the completion of the scrutiny, and the consolidated results of the voting by postal ballot, were then announced by the Chairman/authorized officer. The results were displayed on the Company's website www.hitechgroup.com and were also put on the notice board of the Company besides being communicated to the stock exchanges, depository and Registrar and Share Transfer Agent. The last date for the receipt of duly completed Postal Ballot forms or e-voting was the date on which the resolution was considered as passed.

There is no immediate proposal for passing any resolution through Postal Ballot.

Other Information:**Dividends:**

The Company provides the facility of payment of dividend to the shareholders by directly crediting the dividend amount to the shareholder's Bank Account. Members are therefore urged to avail this facility to ensure safe and speedy credit of dividend(s) into their Bank account(s) through the Banks' Automated Clearing House ("ACH") and/or any other permitted mode for credit of dividend.

Members holding shares in physical form are requested to register and/or update their core banking details with the Company and those holding shares in electronic form shall register/update such details with their Depository Participants (DPs) to enable credit of the dividend to their bank accounts electronically through ACH and/or any other permitted mode for credit of dividend. Further, to prevent fraudulent encashment of dividend warrants, shareholders are requested to provide their bank account details (if not provided earlier) to the Company/its RTA (if shares held in physical form) or to DPs (if shares held in electronic form), as the case may be, for printing of the same on the dividend warrants.

Shareholders are requested to ensure that they claim the dividend(s) before transfer of the said amounts to the IEPF. Dividend warrants in respect of the dividend declared, have been dispatched to the shareholders at the addresses registered with the Company. Those shareholders who have not yet received the dividend warrants may please write to the Company's RTA for further information in this regard. Shareholders who have not encashed the warrants are requested to do so by getting them revalidated from the Registered Office of the Company or its RTA.

DEMATERIALIZATION OF SHARES AND LIQUIDITY:

The shares of the Company are compulsorily traded in dematerialised form and are available for trading under both the Depository Systems, viz. NSDL (National Securities Depository Limited) and CDSL (Central Depository Services (India) Limited). Nearly 97.92% of total equity shares of the Company are held in dematerialised form with NSDL & CDSL.

Reconciliation of Share Capital Audit:

As stipulated by the Securities and Exchange Board of India (SEBI) a qualified Practicing Company Secretary carries out Reconciliation of Share Capital Audit to reconcile the total admitted Capital with National Securities Depository Limited (NSDL) and Central Depository Services (India) Limited (CDSL) and the total issued and listed capital. This Audit is carried out every quarter and the Report thereon is submitted to the Stock Exchanges and is also placed before the Board of Directors. The audit, inter-alia confirms that the total listed and paid up equity share capital of the Company is in agreement with the aggregate of the total number of equity shares in dematerialized form (held with NSDL and CDSL) and the total number of equity shares in physical form.

Nomination facility:

Pursuant to the provision of Section 72 of the Companies Act, 2013, members are entitled to make a nomination in respect of shares held by them. Members holding shares in physical form and desirous of making a nomination are requested to send their requests to the Registrar and Transfer Agents of the Company. Members holding shares in electronic form are requested to give the nomination request to their respective Depository Participant directly. Nomination Form

as prescribed under the Companies Act, 2013 is available on the Company's website and can be downloaded from the following web-link <http://www.hitechgroup.com/investor/#quick-download>

Disclosure of Commodity Price Risk or Foreign Exchange Risk and Hedging Activities:

The Company does not have any significant exposure to commodities price risk and foreign exchange risk directly.

Transfer to the Investor Education and Protection Fund:

Pursuant to applicable provisions of the Companies Act, 2013 read with the Investor Education and Protection Fund Authority (Accounting, Audit, Transfer and Refund) Rules, 2016, as amended ('the IEPF Rules'), all unpaid or unclaimed dividends are required to be transferred by the Company to the Investor Education and Protection Fund (IEPF) established by the Central Government after completion of seven years from the date of transfer to Unclaimed Dividend Account of the Company. Further, according to the Rules, the shares in respect of which dividend has not been paid or claimed by the shareholders for seven consecutive years or more shall also be transferred to the demat account of the IEPF Authority. The said requirement does not apply to shares in respect of which there is a specific Order of Court, Tribunal or Statutory Authority, restraining transfer of the shares.

During the year under review, the Company had sent individual notices and also advertised in the newspapers seeking action from the shareholders who have not claimed their dividends for seven consecutive years or more.

Accordingly, the Company has transferred the following unpaid or unclaimed dividends and corresponding shares thereto to IEPF during the financial year 2018-19:

Particulars	Amount of Dividend (in ₹)	No. of Equity Shares
Final Dividend for the Financial Year 2010-11	2,51,533	6700

Shareholders/ claimants whose shares, unclaimed dividend have been transferred to IEPF Demat Account of the Fund, as the case may be, may claim the shares or apply for refund by making an application to the IEPF Authority in Form IEPF-5 (available on <http://www.iepf.gov.in>) from time to time. The Shareholders/ claimant can file only one consolidated claim in a financial year as per the Rules.

During the financial year 2019-20, the Company would be transferring unclaimed final dividend for the financial year ended 31st March, 2012 to IEPF on or before 9th September, 2019.

Details of shares/shareholders in respect of which dividend has not been claimed, are provided on the website, at link <http://www.hitechgroup.com/investor/#unclaimed-unpaid-dividend>

The shareholders are requested to verify their records and claim their unclaimed dividends for the past years, if not claimed.

Opinion

We have audited the accompanying financial statements of Hitech Corporation Limited ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Cash Flows and the Statement of Changes in Equity for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as 'financial statements').

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the Companies Act, 2013 (the "Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (India Accounting Standard) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, the profit and total comprehensive income, its cash flows and the changes in equity for the year ended on that date.

Basis of Opinion

We conducted our audit of the financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the 'Auditor's Responsibilities for the Audit of the Financial Statements' section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No	Key Audit Matter	Auditor's Response
1.	Inventory Valuation As at March 31, 2019 the Company held Inventory amounting to Rs. 3,991.63 lakhs. Inventories were considered as a key audit matter due to the amounts involved and because inventory valuation involves management judgement. There is significant management judgement in estimating the net realisable value of items held, as well as assessing which items may be non-moving or obsolete. Inventories are valued at lower of cost and Net realisable value. The management's estimates of net realisable value are based on the most reliable evidence available at the time the estimates are made, of the amount the inventories are expected to realise. The management also provides for non-moving or obsolete stock on the basis of age of inventory. Such methodology relies upon certain assumptions made in determining appropriate provisioning for such stock. Refer Notes 2.5 (7) and 10 to the Financial Statements.	To address the risk of material misstatement on inventories our audit procedures included amongst others: <ul style="list-style-type: none"> - assessing the compliance of company's accounting policy over inventory with applicable accounting standards. - assessing the inventory valuation processes and practice and testing the key controls around inventory verification and valuation. - verifying the existence and condition of inventory by attending inventory counts across various locations. - challenging judgements of the management regarding estimates of net realisable value and the methodology used for provisioning for non-moving or obsolete stock.

Information Other than the Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the other information. The other information comprises the information in the Management Discussion and Analysis, Board's Report including Annexures to Board's Report, Report on Corporate Governance and Shareholder's Information, but does not include the financial statements and our auditor's report thereon. The other information as specified above is expected to be made available to us after the date of this auditor's report.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

When we read the other information as specified above, if we conclude that there is a material misstatement therein, we are required to communicate the matter to those charged with governance.

Management's Responsibility for the Financial Statements

The Company's Board of Directors is responsible for the matters in Section 134(5) of the Act with respect to the preparation of these financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provision of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal financial control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of misstatements in the financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in

- (i) planning the scope of our audit work and in evaluating the results of our work; and
- (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of sub-section (11) of section 143 of the Act, we give in the **Annexure A**, a statement on the matters specified in the paragraph 3 and 4 of the Order.

2. As required by Section 143 (3) of the Act, we report that:

- a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
- b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
- c) The Balance Sheet, the Statement of Profit and Loss (including other comprehensive income), the Statement of Cash Flows and the Statement of Changes in Equity dealt with by this Report are in agreement with the books of account.
- d) In our opinion, the aforesaid financial statements comply with the Ind AS prescribed under section 133 of the Act, read with relevant rules issued thereunder.
- e) On the basis of the written representations received from the directors as on March 31, 2019 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2019 from being appointed as a director in terms of Section 164 (2) of the Act.
- f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate report in **Annexure B**.
- g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
- h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note 32 to the financial statements.
 - ii. The Company did not have any material foreseeable losses on long term contracts including derivative contracts requiring provision under the applicable law or accounting standards.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Referred to in Para 1 'Report on Other Legal and Regulatory Requirements' in our Independent Auditors' Report to the members of the Company on the financial statements for the year ended March 31, 2019.

Statement on Matters specified in paragraphs 3 & 4 of the Companies (Auditor's Report) Order, 2016:

- i) a) The Company has generally maintained proper records showing particulars, including quantitative details and situation of fixed assets.
- b) As explained to us, the Company has a program for physical verification of fixed assets at periodic intervals. In our opinion, the period of verification is reasonable having regard to the size of the Company and the nature of its assets. The discrepancies reported on such verification are not material and have been properly dealt with in the books of account.
- c) According to the information and explanations given to us and on the basis of our examination of the records of the Company, the title deeds of immovable properties are held in the name of the Company.
- ii) The Management has conducted physical verification of inventory (excluding stocks with third parties) at reasonable intervals. In respect of inventory lying with third parties, these have substantially been confirmed by them. In our opinion, the frequency of verification is reasonable. The discrepancies reported on such verification are not material and have been properly dealt with in the books of account.
- iii) The Company has not granted any loans, secured or unsecured, to companies, firms, limited liability partnerships or other parties listed in the register maintained under section 189 of the Companies Act. Accordingly, the provisions of sub-clause (a), (b) and (c) of paragraph 3 (iii) of the Order are not applicable, to the Company.
- iv) The Company has not granted any loans or made any investments, or provided any guarantees or security to the parties covered under Section 185 and 186. Therefore, provisions of Clause 3(iv) of the said Order are not applicable to the Company.
- v) In our opinion and according to the information and explanations given to us, the Company has complied with the provisions of 73 to 76, or any other relevant provisions of the Companies Act and the rules framed there under. According to the information and explanations given to us, no order has been passed by the Company Law Board, or National Company Law Tribunal, or Reserve Bank of India, or any Court, or any other Tribunal in respect of the aforesaid deposits.

- vi) We are informed that the maintenance of cost records has not been prescribed by the Central Government of India under section 148(1) of the Act, in respect of the Company's product.
- vii) a) According to the information and explanation given to us and the records examined by us, the Company is generally regular in depositing undisputed statutory dues, including dues pertaining to provident fund, employees' state insurance, income-tax, wealth tax, goods and service tax, duty of customs, cess and any other statutory dues with the appropriate authorities, wherever applicable and there are no such outstanding dues as at March 31, 2019, for a period of more than six months from the date they became payable.
- b) According to the information and explanations given to us and the records of the Company examined by us, dues of income tax, goods and service tax, customs duty not deposited on account of dispute are as follows:

Name of Statute	Nature of Dues	Amount (Rs. in lakhs)	Period	Forum where Dispute is pending

Annexure B to the Independent Auditor's Report

Referred to in Para 2 (f) 'Report on Other Legal and Regulatory Requirements' in our Independent Auditor's Report to the members of the Company on the financial statements for the year ended March 31, 2019.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Hitech Corporation Limited ("the Company") as of March 31, 2019 in conjunction with our audit of the financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of internal financial controls over financial reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of Internal Financial Controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness.

Our audit of internal financial controls system over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2019, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to the Financial Statement for the year ended March 31, 2019

1. CORPORATE INFORMATION

Hitech Corporation Limited (the Company) is engaged in manufacturing of rigid plastic containers specially catering to customers relating to Paints, Lube and Pharmacy product as well as export market. The Company is a public limited Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on two stock exchanges in India, namely the Bombay Stock Exchange Limited (BSE) and the National Stock Exchange of India Limited (NSE). The Company's registered office is at 201, Welspun House, 2nd floor, Kamala City, Lower Parel (W), Mumbai- 400 013.

2. BASIS OF PREPARATION, MEASUREMENT, KEY ACCOUNTING ESTIMATES AND JUDGEMENTS AND SIGNIFICANT ACCOUNTING POLICIES

2.1. Basis of preparation

These financial statements of the Company are prepared in accordance with Indian Accounting Standards ('Ind AS') as notified by Ministry of Corporate Affairs pursuant to Section 133 of the Companies Act, 2013 ('Act') read with the Companies (Indian Accounting Standards) Rules, 2015 as amended.

These financial statements have been prepared and presented under the historical cost convention, on accrual basis of accounting except for certain financial assets and liabilities that are measured at fair values at the end of each reporting period, as stated in the accounting policies set out below. The accounting policies have been consistently applied except where a newly issued accounting standard is initially adopted or a revision to an existing accounting standard requires a change in accounting policy hitherto is use as mentioned below in 2.2.

Current versus non-current classification

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of products and the time taken between acquisition of assets for processing and their realization in cash and cash equivalent, the Company has ascertained its operating cycle as twelve months for the purpose of the classification of assets and liabilities into current and non-current.

2.2. Application of New Accounting Pronouncements

The Company has applied the following Ind AS pronouncements pursuant to issuance of the Companies (Indian Accounting Standards) Amendment Rules, 2018. The effect is described below:

- a. Effective April 1, 2018, the Company has applied Ind AS 115: Revenue from Contracts which establishes a comprehensive framework for determining whether, how much and when Revenue is to be recognised. Ind AS 115 replaces Ind AS 18: Revenue. The impact of the adoption of the standard on the financial statements of the Company is insignificant. For details refer note 2.5.10
- b. The Company has adopted Appendix B to Ind AS 21, Foreign currency transactions and advance consideration with effect from April 1, 2018 prospectively to all assets, expenses and income initially recognized on or after April 1, 2018 and the impact on implementation of the Appendix is insignificant.

2.3. Key estimates and judgements

In preparing these financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses.

Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of assets or liabilities affected in future periods.

The areas involving critical estimates or judgements are:

- i. Determination of the estimated useful lives of property, plant & equipment and the assessment as to which components of the cost may be capitalized; (Note 2.5 .1)
- ii. Determination of the estimated useful lives of intangible assets (Note 2.5.2)
- iii. Recognition and measurement of defined benefit obligations, key actuarial assumptions; (Note 38)
- iv. Recognition and measurement of provisions and contingencies, key assumptions about the likelihood and magnitude of an outflow of resources; (Note 17)
- v. Fair value of financial instruments (Note 30A)
- vi. Significant judgements are involved in estimating budgeted profits for the purpose of paying advance tax, determining the provision for income taxes, including amount expected to be paid/recovered for uncertain tax positions.

2.4. Measurement of Fair Value

The Company's accounting policies and disclosures require financial instruments to be measured at fair values.

The Company has an established control framework with respect to the measurement of fair values. The Company uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximizing the use of relevant observable inputs and minimizing the use of unobservable inputs.

The management regularly reviews significant unobservable inputs and valuation adjustments. If third party information, such as broker quotes or pricing services, is used to measure fair values, then the management assesses the evidence obtained from the third parties to support the conclusion that such valuations meet the requirements of Ind AS, including the level in the fair value hierarchy in which such valuations should be classified.

Fair values are categorised into different levels in a fair value hierarchy based on the inputs used in the valuation techniques as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: inputs other than quoted prices included in Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

If the inputs used to measure the fair value of an asset or a liability fall into different levels of the fair value hierarchy, then the fair value measurement is categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

The Company recognises transfers between levels of the fair value hierarchy at the end of the reporting period during which the change has occurred.

2.5. Significant Accounting Policies

1. Property, Plant and Equipment

Recognition and Measurement

Items of property, plant and equipment, other than freehold land that qualifies as an asset is measured on initial recognition at cost. Following initial recognition, items of property, plant and equipment are carried at its cost less accumulated depreciation and accumulated impairment losses. Freehold land is carried at cost and is not depreciated.

The cost of an item of property, plant and equipment comprises of its purchase price including taxes (other than those subsequently recoverable from tax authorities), duties, freight and other directly attributable costs of bringing the asset to its working condition. Any trade discounts and rebates are deducted in arriving at the purchase price. Cost includes cost of replacing a part of plant and equipment if the recognition criteria are met. Expenses directly attributable to new manufacturing facility during its construction period are capitalized. Expenditure related to plans, designs and drawings of buildings or plant and machinery is capitalised under relevant heads of Property, Plant & Equipment if the recognition criteria are met.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the Statement of Profit and Loss during the reporting period in which they are incurred.

Depreciation

Depreciation on property, plant & equipment other than factory buildings is provided on the straight-line method, pro rata to the period of use, over their useful life. Depreciation on factory buildings is provided on written down value method, pro rata to the period of use, over their useful life. The estimated useful lives of assets are as follows:

Asset Block	Useful life
Factory Buildings ⁽¹⁾	15 to 40 years
Moulds ⁽¹⁾	4 years
Plant & Machinery ⁽¹⁾	5 to 19 years
Furniture & Fixture	10 years
Computers ⁽¹⁾	5 years
Vehicles ⁽¹⁾	5 years
Office Equipment	5 years
Leasehold Land	Over lease term
Leasehold improvements	Over lease term

⁽¹⁾ Based on technical evaluation of useful life by the Management, it believes that the useful lives as given above best represent the period over which the Management expects to use these assets. Hence, the useful lives for these assets is different from the useful lives as prescribed under Part C of Schedule II of the Companies Act, 2013.

The residual value of property, plant & equipment except buildings, is considered at Rs. Nil as the realisable value at the end of useful life is not expected to be significant. In case of factory building the residual value is estimated by management to be at 5% of cost.

The useful lives, residual values of each part of an item of property, plant and equipment and the depreciation methods are reviewed at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

Derecognition

The carrying amount of an item of property, plant and equipment is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the Derecognition of an item of property, plant and equipment is measured as the difference between the net disposal proceeds and the carrying amount of the item and is recognized in the Statement of Profit and Loss when the item is derecognized.

2. Intangible Assets

Recognition and Measurement

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less accumulated amortization and accumulated impairment loss, if any. Internally generated intangibles, excluding eligible development costs are not capitalized and the related expenditure is reflected in profit and loss in the period in which the expenditure is incurred.

Amortization

Intangible assets with finite lives are amortised on a Straight Line basis over the estimated useful economic life. The amortization expense on intangible assets with finite lives is recognised in the Statement of Profit & Loss. The estimated useful lives for intangible asset is 3 years.

The amortization period and method for an intangible asset with finite useful life is reviewed at least at the end of each financial year. If any of these expectations differ from previous estimates, such change is accounted for as a change in an accounting estimate.

Derecognition

The carrying amount of an intangible asset is derecognized on disposal or when no future economic benefits are expected from its use or disposal. The gain or loss arising from the derecognition of an intangible asset is measured as the difference between the net disposal proceeds and the carrying amount of the intangible asset and is recognized in the Statement of Profit and Loss when the asset is derecognized.

3. Investment Property**Recognition and measurement**

Investment properties are properties held to earn rentals and / or for capital appreciation. Investment properties are stated at cost less accumulated depreciation and accumulated impairment loss, if any. Freehold land is carried at cost and is not depreciated.

Cost includes purchase price, taxes and duties and other direct costs incurred for bringing the asset to the condition of its intended use. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and the cost of the item can be measured reliably. All other repair and maintenance costs are recognized in statement of profit and loss as incurred.

Depreciation

Depreciation on investment properties (other than land) is provided on written down value method, pro rata to the period of use, over their useful life. The estimated useful lives based on technical evaluation by the Management is 40 years.

Derecognition

Investment properties are derecognised either when they have been disposed of or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognised in the Statement of Profit and Loss in the period of derecognition.

4. Capital Work in Progress and Capital Advances

Cost of assets not ready for intended use, as on balance sheet date, is shown as capital work in progress. Advances given towards acquisition of fixed assets outstanding at each balance sheet date are disclosed as Other Non-Current Assets.

5. Impairment of non-financial assets

At each balance sheet date, an assessment is done to determine whether there is any indication of impairment in the carrying amount of the Company's non-financial assets. An impairment loss is recognised whenever the carrying value of an asset or a cash-generating unit exceeds its recoverable amount. Recoverable amount of an asset or a cash-generating unit is the higher of its fair value less costs of disposal and its value in use. An impairment loss, if any, is recognised in the Statement of Profit and Loss in the period in which the impairment takes place. The impairment loss is allocated first to reduce the carrying amount of any goodwill (if any) allocated to the cash generating unit and then to the other assets of the unit, pro rata based on the carrying amount of each asset in the unit.

An assessment is also done at each Balance Sheet date whether there is any indication that an impairment loss recognised for an asset in prior accounting periods may no longer exist or may have decreased. If any such indication exists the asset's recoverable amount is estimated. The carrying amount of the fixed asset is increased to the revised estimate of its recoverable amount so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of impairment loss is recognised in the Statement of Profit and Loss for the year.

After recognition of impairment loss or reversal of impairment loss as applicable, the depreciation charge for the asset is adjusted in future periods to allocate the asset's revised carrying amount, less its residual value (if any), on straight line basis over its remaining useful life.

6. Financial Instruments

A financial instrument is any contract that gives rise to a financial asset of one entity and a financial liability or equity instrument of another entity. Financial instruments also include derivative contracts such as foreign currency foreign exchange forward contracts, futures and currency options.

Financial Assets**Initial recognition and measurement**

All financial assets are recognised initially at fair value plus transaction costs that are attributable to the acquisition of the financial asset, except in the case of financial assets not recorded at fair value through profit or loss. Transaction costs of financial assets carried at fair value through profit or loss are expensed through the Statement of Profit and Loss.

However, trade receivables that do not contain a significant financing component are measured at transaction price.

Subsequent measurement

For purposes of subsequent measurement, the Company classifies its financial assets in the following measurement categories:

- i. The Company's business model for managing the financial asset and
- ii. The contractual cash flow characteristics of the financial asset.

Based on the above criteria, the Company classifies its financial assets into the following categories:

- i. Financial assets measured at amortised cost
- ii. Financial assets measured at fair value through other comprehensive income (FVTOCI)
- iii. Financial assets measured at fair value through profit & loss (FVTPL)

i. Financial Assets measured at Amortised cost

This category applies to cash and bank balances, trade receivables, loans and other financial assets of the Company. Such financial assets are measured at amortised cost if both the following conditions are met: The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding. Subsequently such financial assets are measured at amortized cost using the Effective Interest Rate (EIR) method.

Under the effective interest method, the future cash receipts are exactly discounted to the initial recognition value using the effective interest rate. The cumulative amortization using the effective interest method of the difference between the initial recognition amount and the maturity amount is added to the initial recognition value (net of principal repayments, if any) of the financial asset over the relevant period of the financial asset to arrive at the amortized cost at each reporting date. The corresponding effect of the amortization under effective interest method is recognized as interest income over the relevant period of the financial asset. The same is included under finance income in the Statement of Profit and Loss.

ii. Financial Assets measured at FVTOCI

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVTOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to Statement of Profit and Loss. Interest income from these financial assets is included in other income using the effective interest rate method.

Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at fair value through other comprehensive income (FVTOCI). Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in Statement of Profit and Loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to Statement of Profit and Loss. Interest income from these financial assets is included in other income using the effective interest rate method.

iii. Financial Assets measured at FVTPL

Assets that do not meet the criteria for amortised cost or FVTOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through Profit or Loss is recognised in the Statement of Profit and Loss in the period in which it arises. Interest income from these financial assets is included in other income.

Equity Instruments

All equity investments within the scope of Ind-AS 109 are measured at fair value. Equity instruments which are held for trading are classified as at FVTPL. For all other equity instruments, the Company decides to classify the same either as at FVTOCI or FVTPL. The Company makes such election on an instrument-by-instrument basis. The classification is made on initial recognition and is irrevocable.

If the Company decides to classify an equity instrument as at FVTOCI, then all fair value changes on the instrument, excluding dividends, are recognized in the Other Comprehensive Income (OCI). There is no recycling of the amounts from OCI to profit and loss, even on sale of investment. However, the Company may transfer the cumulative gain or loss within equity.

Equity instruments included within the FVTPL category are measured at fair value with all changes recognized in the profit and loss.

Derecognition

A financial asset is derecognised only when:

- i. the rights to receive cash flows from the financial asset have expired contract is discharged, cancelled or expires.
- ii. Where the entity has transferred an asset, the Company evaluates whether it has transferred substantially all risks and rewards of ownership of the financial asset. In such cases, the financial asset is derecognised. Where the entity has not transferred substantially all risks and rewards of ownership of the financial asset, the financial asset is not derecognised.
- iii. Where the entity has neither transferred a financial asset nor retains substantially all risks and rewards of ownership of the financial asset, the financial asset is derecognised if the Company has not retained control of the financial asset. Where the Company retains control of the financial asset, the asset is continued to be recognised to the extent of continuing involvement in the financial asset.

Impairment of Financial Assets

The Company applies expected credit loss (ECL) model for measurement and recognition of loss allowance on the following:

- i. Trade receivables
- ii. Financial assets measured at amortized cost (other than trade receivables)
- iii. Financial assets measured at fair value through other comprehensive income (FVTOCI)

In case of trade receivables, the Company follows a simplified approach wherein an amount equal to lifetime ECL is measured and recognized as loss allowance.

In case of other assets (listed as ii and iii above), the Company determines if there has been a significant increase in credit risk of the financial asset since initial recognition. If the credit risk of such assets has not increased significantly, an amount equal to 12-month ECL is measured and recognized as loss allowance. However, if credit risk has increased significantly, an amount equal to lifetime ECL is measured and recognized as loss allowance. Subsequently, if the credit quality of the financial asset improves such that there is no longer a significant increase in credit risk since initial recognition, the Company reverts to recognizing impairment loss allowance based on 12-month ECL.

ECL is the difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive (i.e., all cash shortfalls), discounted at the original effective interest rate.

Lifetime ECL are the expected credit losses resulting from all possible default events over the expected life of a financial asset. 12-month ECL are a portion of the lifetime ECL which result from default events that are possible within 12 months from the reporting date.

ECL are measured in a manner that they reflect unbiased and probability weighted amounts determined by a range of outcomes, taking into account the time value of money and other reasonable information available as a result of past events, current conditions and forecasts of future economic conditions.

As a practical expedient, the Company uses a provision matrix to measure lifetime ECL on its portfolio of trade receivables. The provision matrix is prepared based on historically observed default rates over the expected life of trade receivables and is adjusted for forward looking estimates. At each reporting date, the historically observed default rates and changes in the forward-looking estimates are updated.

ECL allowance recognised (or reversed) during the period is recognized as income/ expense in the Statement of Profit and Loss under the head 'Other expenses'.

Financial Liabilities

Classification as liability or equity

Financial liabilities and equity instruments issued by the Company are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument.

Initial recognition and measurement

Financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial liabilities are initially measured at the amortised cost unless at initial recognition, they are classified as fair value through profit and loss. In case of trade payables, they are initially recognised at fair value and subsequently, these liabilities are held at amortised cost, using the effective interest rate method.

Subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the EIR method. Financial liabilities carried at fair value through profit or loss are measured at fair value with all changes in fair value recognised in the Statement of Profit and Loss. Interest expense are included in the 'Finance costs' line item.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the derecognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

7. Inventory

Inventories are valued at lower of cost and net realisable value. Costs are ascertained on First in First Out (FIFO) basis. Costs includes cost of purchase and other costs incurred in bringing each product to its present location and condition. In the case of manufactured inventories, cost includes cost of raw materials, packing materials and an appropriate share of fixed and variable production overheads. Fixed production overheads are allocated on the basis of normal capacity of production facilities. Variable production overheads are allocated based on actual production facilities.

Net realizable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Provision is made for cost of obsolescence and other anticipated losses whenever considered necessary.

8. Cash and Cash Equivalents

Cash and cash equivalents in the balance sheet includes cash at bank and on hand, book debit balances in cash credit and current accounts, deposits held at call with financial institutions, other short term highly liquid investments, with original maturities less than three months which are readily convertible into cash and which are subject to insignificant risk of changes in value.

For the purpose of the statement of cash flows, cash and cash equivalents, cash and short - term deposits as defined above is net of outstanding bank overdrafts as they are considered an integral part of the Company's cash management.

9. Provisions, Contingent Liabilities and Contingent Assets

The Company recognizes a provision when there is a present legal or constructive obligation as a result of a past event that probably requires an outflow of resources and a reliable estimate can be made of the amount of the obligation. Provisions are measured at the present value of management's best estimate of the expenditure required to settle the present obligation at the end of the reporting period. The discount rate used to determine the present value is a pre-tax rate that reflects current market assessments of the time

value of money and the risks specific to the liability. The increase in the provision due to the passage of time is recognised as interest expense.

A disclosure for a contingent liability is made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made.

A contingent asset is a possible asset that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity. Contingent Assets are not recognised till the realization of the income is virtually certain. However, the same are disclosed in the financial statements where an inflow of economic benefit is probable.

10. Revenue Recognition

Revenue from contracts with customers is recognized on transfer of control of promised goods or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration, if any) allocated to that performance obligation. Revenue (net of variable consideration, if any) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved.

Sale of Products

Revenue from sale of products is recognized when the control on the goods have been transferred to the customer. The performance obligation in case of sale of product is satisfied at a point in time i.e., when the material is shipped to the customer or on delivery to the customer, as may be specified in the contract.

Rendering of Services

Income from services rendered is recognised based on agreements/arrangements with the customers as the service is performed and there are no unfulfilled obligations.

Interest Income

Interest income is recognized using the effective interest rate (EIR) method.

Dividend Income

Dividend income is recognised when the right to receive payment is established.

11. Employee Benefits

i. Short Term Employee Benefits

All employee benefits payable wholly within twelve months of rendering the service are classified as short-term employee benefits and they are recognized in the period in which the employee renders the related service. The Company recognizes the undiscounted amount of short term employee benefits expected to be paid in exchange for services rendered as a liability (accrued expense) after deducting any amount already paid.

ii. Post-Employment Benefits

➤ Defined Contributions plan

Provident Fund and Employee State Insurance Scheme

Defined contribution plans are Provident Fund Scheme and Employee State Insurance Scheme. The Company contributes to the Government administered provident funds on behalf of its employees.

Recognition and measurement of defined contribution plans

The Company recognizes contribution payable to a defined contribution plan as an expense in the Statement of Profit and Loss when the employees render services to the Company during the reporting period. If the contributions payable for services received from employees before the reporting date exceeds the contributions already paid, the deficit payable is recognized as a liability after deducting the contribution already paid. If the contribution already paid exceeds the contribution due for services received before the reporting date, the excess is recognized as an asset to the extent that the prepayment will lead to, for example, a reduction in future payments or a cash refund.

➤ Defined Benefit plans:

Gratuity scheme

The Company operates a defined benefit gratuity plan for employees. The Company contributes to a separate entity (a fund), towards meeting the Gratuity obligation.

Recognition and measurement of defined benefit plans:

The cost of providing defined benefits is determined using the Projected Unit Credit method with actuarial valuations being carried out at each reporting date. The defined benefit obligations recognized in the Balance Sheet represent the present value of the defined benefit obligations as reduced by the fair value of plan assets, if applicable. Any defined benefit asset (negative defined benefit obligations resulting from this calculation) is recognized representing the present value of available refunds and reductions in future contributions to the plan.

All expenses represented by current service cost, past service cost, if any, and net interest on the defined benefit liability / (asset) are recognized in the Statement of Profit and Loss. Remeasurements of the net defined benefit liability / (asset) comprising actuarial gains and losses and the return on the plan assets (excluding amounts included in net interest on the net defined benefit liability/asset), are

recognized in Other Comprehensive Income. Such remeasurements are not reclassified to the Statement of Profit and Loss in the subsequent periods.

The Company presents the above liability/(asset) as current and non-current in the Balance Sheet as per actuarial valuation by the independent actuary; however, the entire liability towards gratuity is considered as current as the Company will contribute this amount to the gratuity fund within the next twelve months.

iii. Other Long-Term Employee Benefit

Entitlements to annual leave and sick leave are recognized when they accrue to employees. Sick leave can only be availed while annual leave can either be availed or encashed subject to a restriction on the maximum number of accumulation of leave. The Company determines the liability for such accumulated leaves using the Projected Accrued Benefit method with actuarial valuations being carried out at each Balance Sheet date. Actuarial gains and losses in respect of such benefits are charged to Statement of Profit and Loss in the period in which they arise.

12. Leases

The determination of whether an arrangement is (or contains) a lease is based on the substance of the arrangement at the inception of the lease. The arrangement is or contains a lease if fulfilment of the arrangement is dependent on the use of a specific asset or assets and the arrangement conveys a right to use the asset or assets, even if that right is not explicitly specified in the arrangement.

As a lessee

Leases of assets where the company has substantially all the risks and rewards of ownership are classified as finance leases. Minimum lease payments made under finance leases are apportioned between the finance charge and the reduction of the outstanding liability. The finance charge is allocated to each period during the lease term so as to produce a constant periodic rate of interest on the remaining balance of the liability.

The leased assets are measured initially at an amount equal to the lower of their fair value and the present value of the minimum lease payments. Subsequent to initial recognition, the assets are accounted for in accordance with the accounting policy applicable to that asset.

Leases of assets under which significant portion of the risks and rewards of ownership are retained by the lessor are classified as operating leases. Lease payments /receipts under operating leases are recognised as an expense / income on a straight-line basis over the lease term unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the Company is a lessor is recognised in the statement of profit and loss on a straight-line basis over the lease term unless the receipts are structured to increase in line with the expected general inflation to compensate for the expected inflationary cost increases.

13. Income Taxes

Income tax expense/ income comprises current tax expense income and deferred tax expense income. It is recognised in profit or loss except to the extent that it relates to items recognised directly in equity or in OCI. In which case, the tax is also recognized directly in equity or other comprehensive income, respectively.

Current tax:

Current tax is the amount of income taxes payable in respect of taxable profit for a period. Taxable profit differs from 'profit before tax' as reported in the Statement of Profit and Loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible under the Income Tax Act, 1961.

Current tax is measured using tax rates that have been enacted by the end of reporting period for the amounts expected to be recovered from or paid to the taxation authorities.

Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretations and establishes provisions where appropriate.

Deferred tax:

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax bases used in the computation of taxable profit under Income Tax Act, 1961.

Deferred tax liabilities are generally recognized for all taxable temporary differences. However, in case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax liabilities are not recognized. Also, for temporary differences if any that may arise from initial recognition of goodwill, deferred tax liabilities are not recognized.

Deferred tax assets are generally recognized for all deductible temporary differences to the extent it is probable that taxable profits will be available against which those deductible temporary difference can be utilized. In case of temporary differences that arise from initial recognition of assets or liabilities in a transaction (other than business combination) that affect neither the taxable profit nor the accounting profit, deferred tax assets are not recognized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the benefits of part or all of such deferred tax assets to be utilized.

Deferred tax assets and liabilities are measured at the tax rates that have been enacted or substantively enacted by the Balance Sheet date and are expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled.

Presentation of current and deferred tax:

Current and deferred tax are recognized as income or an expense in the Statement of Profit and Loss, except when they relate to items that are recognized in Other Comprehensive Income, in which case, the current and deferred tax income/ expense are recognized in Other Comprehensive Income.

The Company offsets current tax assets and current tax liabilities, where it has a legally enforceable right to set off the recognized amounts and where it intends either to settle on a net basis, or to realize the asset and settle the liability simultaneously. In case of deferred tax assets and deferred tax liabilities, the same are offset if the Company has a legally enforceable right to set off corresponding current tax assets against current tax liabilities and the deferred tax assets and deferred tax liabilities relate to income taxes levied by the same tax authority on the Company.

Minimum Alternate Tax (MAT) credit is recognized as an asset only when and to the extent there is a convincing evidence that the Company will pay normal tax during specified period.

14. Foreign Currency Transactions

i. Functional and Presentation currency

The Company's financial statements are prepared in Indian Rupees (INR "₹") which is also the Company's functional currency.

ii. Transactions and balances

Foreign currency transactions are recorded on initial recognition in the functional currency using the exchange rate at the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated into the functional currency at the exchange rate at the reporting date. Non-monetary items that are measured based on historical cost in a foreign currency are translated using the exchange rate at the date of the initial transaction. Non-monetary items that are measured at fair value in a foreign currency are translated using the exchange rate at the date the fair value is determined.

Exchange differences arising on the settlement or translation of monetary items are recognized in profit or loss in the year in which they arise except for the qualifying cash flow hedge, which are recognised in OCI to the extent that the hedges are effective.

15. Government Grant and Subsidies

Grants in the nature of subsidy which are non-refundable are credited to the statement of profit and loss, on accrual basis, where there is reasonable assurance that the Company will comply with all the necessary conditions attached to them.

Grants in the nature of subsidy which are refundable are shown as liabilities in the Balance Sheet.

16. Derivative Financial instruments and hedge accounting

The Company uses derivative financial instruments, such as forward currency contracts and interest rate swaps, to hedge its foreign currency risks and interest rate risks respectively. Such derivative financial instruments are initially recognised at fair value on the date on which a derivative contract is entered into and are subsequently re-measured at fair value at the end of each reporting period. The accounting for subsequent changes in fair value depends on whether the derivative is designated as a hedging instrument, and if so, the nature of item being hedged and the type of hedge relationship designated.

Derivatives are carried as financial assets when the fair value is positive and as financial liabilities when the fair value is negative.

Forward exchange contracts

The Company enters into forward exchange contracts in nature of currency swaps and interest rate swaps to hedge against its foreign currency exposures relating to the underlying transactions and firm commitments. The Company does not enter into any derivative instruments for trading or speculative purposes.

The forward exchange contract are marked to market (MTM) and the gain/ loss on the same is recognised as an expense/income over the life of the contract. Exchange differences on such contracts are recognised in the Statement of Profit and Loss in the period in which the exchange rates change. Any Profit or Loss arising on cancellation or renewal of such forward exchange contract is also recognised as income or expense for the period.

17. Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

18. Research and Development

Expenditure on research is recognized as an expense when it is incurred. Expenditure on development which does not meet the criteria for recognition as an intangible asset is recognized as an expense when it is incurred.

Items of property, plant and equipment and acquired Intangible Assets utilized for Research and Development are capitalized and depreciated in accordance with the policies stated for Property, Plant and Equipment and Intangible Assets.

19. Borrowing Cost

Borrowing cost includes interest, amortization of ancillary costs incurred in connection with the arrangement of borrowings and exchange differences arising from foreign currency borrowings to the extent they are regarded as an adjustment to the interest cost.

Borrowing costs, if any, directly attributable to the acquisition, construction or production of an asset that necessarily takes a substantial period of time to get ready for its intended use or sale are capitalized, if any. All other borrowing costs are expensed in the period in which they occur.

20. Events after Reporting date

Where events occurring after the Balance Sheet date provide evidence of conditions that existed at the end of the reporting period, the impact of such events is adjusted within the financial statements. Otherwise, events after the Balance Sheet date of material size or nature are only disclosed.

21. Dividend

The Company recognises a liability for any dividend declared but not distributed at the end of the reporting period, when the distribution is authorised and the distribution is no longer at the discretion of the Company on or before the end of the reporting period. As per Corporate laws in India, a distribution is authorized when it is approved by the shareholders. A corresponding amount is recognized directly in equity.

22. Earnings Per Share

Basic earnings per share is calculated by dividing the profit or loss for the period attributable to the equity shareholders by the weighted average number of equity shares outstanding during the period.

For the purpose of calculating diluted earnings per share, the profit or loss for the period attributable to the equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted to take into account:

- The after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- Weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

23. Segment Reporting

The Company has identified Plastic Containers as its single primary reportable segment in accordance with the requirements of Ind AS 108 - Operating Segments.

24. Standards issued but not yet effective

On March 30, 2019 Ministry of Corporate Affairs (MCA) through Companies (Indian Accounting Standards) Amendment Rules, 2019 and Companies (Indian Accounting Standards) Second Amendment has notified:

a) Ind AS 116, Leases

Ind AS 116 Leases was notified on March 30, 2019 and it replaces Ind AS 17 Leases, including appendices thereto. Ind AS 116 is effective for annual periods beginning on or after April 1, 2019. Ind AS 116 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single on-balance sheet model similar to the accounting for finance leases under Ind AS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset. The adoption of this standard is not likely to have significant impact on the Statement of Profit and Loss.

b) Appendix C, Uncertainty over Income Tax Treatment to Ind AS 12, Income Taxes

The Appendix clarifies how to apply the recognition and measurement principles while recognizing current tax, deferred tax, taxable profits (losses), tax bases, unused tax losses, unused tax credits and tax rates when there is uncertainty over tax treatments under Ind AS 12. As per the Appendix, the Company needs to assess whether it is probable that a tax authority will accept an uncertain tax treatment used or a treatment which is being proposed to be used in its income tax filings. The Appendix will be applied retrospectively with the cumulative effect of its initial application on the opening balance sheet as on April 1, 2019. The impact of the Appendix on the Financial Statements, as assessed by the Company, is expected to be not material.

c) Amendment to Ind AS 12, Income Taxes

The amendment clarifies that an entity shall recognize income tax consequences of dividends in profit or loss, other comprehensive income or equity according to where the entity originally recognised those past transactions or events. The Company will apply these amendments for annual reporting periods beginning on or after April 1, 2019. The impact on the financial statements is being evaluated.

d) Ind AS 19 – Plan Amendment, Curtailment or Settlement

The amendments clarify that if a plan amendment, curtailment or settlement occurs, it is mandatory that the current service cost and the net interest for the period after the re-measurement are determined using the assumptions used for the re-measurement. In addition, amendments have been included to clarify the effect of a plan amendment, curtailment or settlement on the requirements regarding the asset ceiling. The Company does not expect this amendment to have any significant impact on its financial statements.

e) Ind AS 23 – Borrowing Cost

The amendments clarify that if any specific borrowing remains outstanding after the related asset is ready for its intended use or sale, that borrowing becomes part of the funds that an entity borrows generally when calculating the capitalisation rate on general borrowings. The Company does not expect any impact from this amendment.

Note 30B : Financial Risk Management Objectives and Policies

The Company's overall policy with respect to managing risks associated with Financial Instruments is to minimise potential adverse effects of Financial Performance of the Company. The policies of managing specific risks are summarised below:

a Foreign Currency Risk Management

The Company undertakes transactions denominated in foreign currencies; consequently exposures to exchange rate fluctuations arise. Exchange rate fluctuations are managed within approved policy parameters.

The carrying amounts of the Company's foreign currency denominated assets and liabilities as at the end of the reporting periods are as follows:

		(₹ in lakhs)

Note 30B : Financial Risk Management Objectives and Policies (...Contd)
Foreign Currency Sensitivity Analysis

The company is mainly exposed to changes in USD. The below table demonstrates the sensitivity to a 10 % increase or decrease in the USD against INR with all other variants held constant. The sensitivity analysis is prepared under net un-hedged exposure of the company as at the reporting date.

	(₹ in lakhs)	
Change in USD Rate	As at March 31, 2019	As at March 31, 2018
Effect on PAT & Total Equity		
+10%	3.80	(4.48)
- 10%	(3.80)	4.48

b Credit Risk Management

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in financial loss to the Company. The credit risk arising from Trade Receivables is managed in accordance to the Company's established policy and control relating to customer credit risk management. The credit quality of the customer is assessed based on the credit worthiness and past experience. The expected credit is based on the ageing of the days of receivables.

The ageing of the trade receivables is as under:

	(₹ in lakhs)	
Particulars	As at March 31, 2019	As at March 31, 2018
More than 180 days	719.02	859.03
Others	5,500.49	7,373.48
	6,219.51	8,232.51
Less: Allowance for doubtful receivables	613.87	706.97
	5,605.64	7,525.54

c Interest Rate Risk Management

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Management is responsible for monitoring of the Company's interest rate position. Various variables are considered by management in structuring the company's borrowing to achieve a reasonable competitive cost of funding.

Since the company has insignificant variable interest bearing borrowings the exposure to the risk of change in the market interest rates is minimal.

Exposure to interest rate risk

The interest rate profile of the company's interest bearing financial instruments as reported to the management of the company is as follows

	(₹ in lakhs)	
	As at March 31, 2019	As at March 31, 2018
Borrowings		
Fixed Rate Borrowings	14,623.09	12,006.99
Variable Rate Borrowings	3,610.98	4,274.42
Total	18,234.07	16,281.41

Fair Value Sensitivity Analysis for fixed rate instruments

The company does not account for any fixed rate financial assets and liabilities at fair value to profit or loss. Therefore, a change in interest rates at the reporting date would not affect Profit or Loss.

Cash flow sensitivity Analysis for variable rate instruments

A reasonable possible change of 100 BPS in interest rates would result in variation in interest expenses for the company by the amounts indicated in the table below. This calculation also assumes that the changes occur at the Balance Sheet date and has been calculated based on its exposure outstanding as at that date. The year end balances are not necessarily representative of the average debt outstanding during the period.

The Company does not have any additional impact on equity other than impact on retained earnings.

d Liquidity Rate Risk Management

Liquidity risk is the risk that the Company will encounter difficulty in raising funds to meet commitments associated with financial instruments that are settled by delivering cash or another financial asset. Liquidity risk may result from an inability to sell a financial asset quickly at close to its fair value. The company's exposure to liquidity risk arises primarily from mis-matches of the maturities of financial assets and liabilities. The company manages the liquidity risk by maintaining adequate funds in cash and cash equivalents. The company also has adequate credit facilities arranged with banks to ensure there is sufficient cash to meet all its normal operating commitments on a timely and cost effective manner. The following are the remaining contractual maturities of financial liabilities at the reporting dates :

	Contractual Cash Flows

Note 38 : Employee benefits
(1) Post employment benefits:
a Defined Contribution plan
Provident Fund and Employee State Insurance Scheme

Defined contribution plans are Provident Fund Scheme and Employee State Insurance Scheme. The Company contributes to the Government administered provident funds on behalf of its employees.

b Defined Benefit plan
Gratuity scheme

The Company operates a defined benefit gratuity plan for employees. The liability for the Defined Benefit Plan is provided on the basis of a valuation, using the Projected Unit Credit Method, as at the Balance Sheet date, carried out by an independent actuary. The Company has a gratuity trust. However, the Company funds its gratuity payouts to the trust from its cash flows. Accordingly, the Company creates adequate provision in its books every year based on actuarial valuation. These benefit plans expose the Company to actuarial risks, such as longevity risk, interest rate risk and investment risk.

xii **Other details**

Methodology Adopted for ALM

Projected Unit Credit Method.

Usefulness and Methodology adopted for Sensitivity analysis

Sensitivity analysis is an analysis which will give the movement in liability if the assumptions were not proved to be true on different count. This only signifies the change in the liability if the difference between assumed and the actual is not following the parameters of the sensitivity analysis.

Comment on Quality of Assets

Since investment is with insurance company, assets are considered to be secured.
